Part III STATEMENT OF REASONS FOR ALLOWANCE

1. This office action is in response to the amendment filed on 3/29/07. Claims 65-71 are being allowed over the prior art of record. Applicant's arguments have been found to be persuasive. Prosecution on the merits is closed in this application. The objection(s) recited in the previous office action have been withdrawn by the Examiner in view of the amendment to the specification and abstract.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach, or suggest the claimed limitations of (in combination with all other features in the claims), an apparatus, method or computer program having an interpreter for interpreting a command train by using an interpreter mounted on an operating system, wherein the object is interpreted by the interpreter for execution; message means for passing a message to the object of said image processing accessed to access the operation of the object in accordance with the interpretation of the command train; and control means for controlling said image processing apparatus by executing a device driver program to control the function of said image processing , as recited in independent claim 65. Independent claims 68 and 71 have similar features.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee, and to avoid processing delays, should preferably accompany the Issue
